

# BLOOD, SWEAT & YEARS

Does your insurance policy protect the company's interests more than it protects yours? At Avemco<sup>®</sup>, we not only provide pilot-friendly policies – we give you our blood, sweat and years.

Like you, aviation is in our blood. And we don't think you should have to waste your valuable time to pursue your passion. So we make it easier to get protected by letting you talk directly to an aviation underwriter who can answer your policy questions and protect you with a customized policy written in just minutes.

Even better, at Avemco we *do* sweat the small stuff. Our comprehensive options include:

- Coverage for all approved non-owner pilots
- Coverage not excluded just because an annual, medical, or flight review expires mid-term
- No N-number blocking
- No family sub-limits
- Up to \$5,000 in legal defense costs if the FAA or civil authority takes pilot certificate enforcement or civil penalty action against you for a covered loss or accident
- VFR to IMC accident coverage
- And much more!

Best of all, Avemco has been rated A+ (Superior) by A.M. Best for *30 consecutive years*. That's one of the most stable track records in the industry ... which means you can count on Avemco to be there when you need us most.

Own the premier insurance created by aviators, for aviators, by taking advantage of Avemco's blood, sweat, and years of experience. To request your **FREE** Avemco quote – plus get a **FREE** complimentary Avemco ballcap, call **800-283-7019** or visit **[www.Avemco.com](http://www.Avemco.com)**
