\* Three Amazon.com Points: You will earn 3 Amazon.com Points for each \$1 of eligible Net Purchases made at Amazon.com, except for purchases that include items from Borders and Waldenbooks teamed with Amazon.com purchases where "Amazon.com" does not appear on your monthly statement (including merchants who process their own payments such as Eddie Bauer®, Newport News®, and the Bombay Company®). Two Amazon.com Points: You will earn 2 Amazon.com Points for each \$1 of eligible Net Purchases made at retail establishments that classify their merchant location for Visa as a gas station, drugstore, office supply store or type of dining establishment. Purchases not eligible to receive the 2 Amazon.com Points include, but are not limited to, purchases made at superstores, warehouse clubs and discount stores. We do not determine whether merchant correctly identify and bill transactions as being made at a gas station, drugstore, office supply store or type of dining establishment. However, we do reserve the right to determine which purchases qualify for the 2 Amazon.com Points. One Amazon.com Point: You will earn 1 Amazon.com Point for each \$1 of all other eligible Net Purchases. ("Net Purchases" means purchases of goods and services made by you or any authorized user on your Account minus all returns or refunds). You do not earn points on balance transfers, cash advances, any checks that are used to access your account, overdraft protection advances, travelers checks, finance charges, unauthorized or fraudulent charges or fees of any kind, including fees for products that protect or insure the balances of your account.
